

Virtuoso control system

Quimby Pipe Organs would like to thank everyone at First Presbyterian Church, especially Will Young, Wilfred Neal, Ben Treece, and Jim Tyndall, for all their attention to detail as this project came to be. We would also like to offer our sincerest thanks to Diane and Gloria at the front desk, who delivered countless packages to us throughout the installation.

Those at Quimby Pipe Organs who made contributions to the building and installation of this fine instrument are Michael Quimby, president and tonal director; Eric Johnson, head reed voicer; Joseph Nielsen, flue voicer; Brian Seever, service department manager and lead installer; Daniel Sliger, woodshop foreman and lead installer; Charles Ford, project designer; Chris Emerson, executive assistant and lead installer; and the following production team members: Chirt Touch, Anthony Soun, Mahoney Soun, Bailey Tucker, Bryce Munson, Noah Lipham, Baylee Martin, and Aime Touch. Special thanks to Amory Atkins, Joshua Wood, and Terence Atkin of the Organ Clearing House for sharing their expertise in rigging, winding, and general organbuilding throughout the installation.

---

**Brian Seever** is the manager of the service department at Quimby Pipe Organs, tuning and overseeing the maintenance of over 100 instruments. He is also involved with installations and other major projects.
