

Profile of the Month: Tiffany Kao, Registrar

If I weren't doing this, I would be shopping online.

What's sitting on my desk right now: One laptop, one iPad, a pencil, a list of my piano students, a tea warmer, plus a piano syllabus and some folders of music.

The best advice I ever got: From my organ teacher, who just retired from CSU Fullerton, California. I have studied with her for over seven years. She is the one who recommended that I join the AGO!

When I'm not at work I'm: Catching up on the last season of "Brooklyn 999," my favorite TV show. Then playing a little bit of music for fun!

What keeps me motivated serving as registrar: To get to know other organists in my area and attend our monthly chapter meetings.
